

Client Equipment Loaner Agreement

The undersigned agrees to borrow the provided equipment with the following conditions:

1. All supplied equipment will be used in sampling projects whereas EMSL will be the laboratory used for analysis.
2. All pumps provided will be subject to a cleaning and certification fee of \$100/pump if returned in contaminated condition.
3. All pumps will be provided at no additional cost as long as the equipment is returned within one calendar week. Rental fees will be imposed after one week. Rental fees are \$100 per pump per week.
4. All pumps will be returned in the exact condition as supplied initially. If not, the replacement cost fee of \$800/pump will apply.
5. All losses due to the client's selected shipper will be the responsibility of the client regardless of where the loss or damage occurs.
6. All supplied pumps are the sole property of EMSL and will never be used for projects other than those intended for EMSL. Replacement costs will be imposed.
7. The pumps will not be stored near or with any organic solvents such as cleaners, fuels, etc. If the equipment is returned heavily contaminated and not useable, reconditioning costs and/or replacement costs will apply.

I agree to the above conditions unconditionally.
